

20th June 2019

To all Sports Centre users

It has been brought to our attention that there is a lot of concern in the local community about the future of the Sports Centre. We acknowledge that the accounts for last year, filed at Company House, state that the Sports Centre will close on the 31st August 2019; this relates to the Company as a **Trading Subsidiary**. This does not necessarily mean that the facility will no longer be available for use by the local community as Farmor's School, who are the parent company for the Sports Centre, are keen to keep the buildings available for community use.

We are currently in consultation with the staff exploring all options relating to this proposed decision. That consultation is not yet complete, therefore no final decisions have been made. These decisions are never easy and are not being made lightly.

Whilst this is a confidential process, we are concerned that there are incorrect rumours and assumptions being made. We would therefore like to let it be known that we are exploring ways in which we can continue to provide as many of the Sports Centre facilities as we can for the local community, particularly in the form of evening lettings of the sports hall for the local sports groups, etc., which is something we feel strongly that we want, and should be able to maintain.

As soon as we are in a position to share information more widely we will do so. In the meantime, thank you for your patience. We would ask that you direct others to this statement to help reduce speculation and inaccurate information.

Directors, Farmor's Sports Centre
